## HOW DID KUROTEL BECAME A KOSHER ESTABLISHMENT?

### 1. TECHNICAL VISIT

The WEDO Kasher Rabbi visited our hotel to study the environment and produced a checklist with what needed to be done in order to make the establishment Kosher.

### 2. CERTIFICATION AND TRAINING

After the Rabbi's recommendations were enacted, the staff received training on the rules and special requirements of Kashrut.

### 3. CONSULTANCY

The hotel went through a strict consultation process for the preparation of menus, making sure that the ingredients used are 100% Kosher.

### 4. EXECUTION

During his stay, a Mashgiach supervises all cooking procedures, from pre-preparation to delivering the final dish.

## WHAT IS ESSENTIAL TO KNOW?

WEDO Kasher is the first travel and consultancy company to qualify the best chefs and hotels to serve Kosher cuisine at its finest.

The hotel chef is responsible for preparing all meals, supervised by a Mashgiach, who will be there throughout your stay.

All suppliers are fully certified under the dietary rules of Kashrut. The ingredients used and the manufacturing process are 100% audited with Beit Yosef and Chalav Israel meat products.

We work with the most reliable Hashgacha. In Brazil, our certification is from O Shill Beit Chabad, with advice from Rabbi Meir Tawil. This is the certification guaranteeing that the hotel is a WEDO Kasher member.
